You know Ellen I have so many great memories with Biff like the fishing trip we all went and caught my first fish. That huge fish who could forget. But one that will always be with me is the day we were riding our Harleys and Biff looked over and smiled real big and give me a thumbs up. When we stopped I asked what was that all about and he smiled and said Coolbreeze wish we could run in to some of our old friends from Copperfields so we could give a little pay back. And then he laughed and said no we're much cooler than them. He was a 1 of a kind kind of my friend. I miss him. Hope you are doing better. Love Cooley
