Oh, the wonderful memories I have of Wanda! We had so many laughs, and bundles of fun! We went on trips together, we sat at Fuzzy's until the wee hours, we chatted, and sometimes(gossiped), and I could go on and on! One thing for sure, I knew that she loved me and she knew I loved her!! You are in GOD'S house now, where there will be no pain and suffering! May you rest in peace, my dear friend!! I will see you again, and we will start where we left off!! I love you Wanda!

We consider Wanda a member of our family, and we loved her very much. When my mother, Celia Lovell, bought her place a few doors down from Wanda in Venture Out in 1995 after my father's death, Wanda welcomed my mother and our entire family into the community. Over the years, Wanda and my mother became "thick as thieves". Both often told me that they considered the other to be one of their best friends. When my mother passed away in 2007, my family continued our close relationship with Wanda. The highlight of our trips to Florida, especially for our children, has been visiting and going out to dinner with "Ms Wanda". We missed seeing her last year. I really enjoyed talking with her over Christmas and in early January. We will truly miss her; however it makes me smile to think that she is laying out on a beach with my mother in heaven...and they both probably have a cigarette in their hands. We are thinking of Kristen and all of Wanda's family during this difficult time and hope it helps you to know how much we and so many others loved Wanda. Marc, Kelly, Eli and Olivia Lovell

You are so special to so many. I can remember coming to work with my mom and playing Pac Man and you there with such a big smile every time you looked at me. You always treated me as though I was one of your own. No matter how much time went by you always embraced me with hugs and kisses. I will forever be grateful for the time I got to spend with you. I love you and I will see you again when my time has come. Until then, I know that you are an Angel in the sky looking over so many.
