“ To the Allen Family - God's peace. Be comforted that he is with God and you will see him  
again. To be absent from the earth is to be present with the Lord.

No one expected this, but I am happy to have had two great months of conversation with  
you my friend. You reminded me of why I loved you when we were younger. Rest in Peace  
and until we meet again. Love Always Monique

“ My heart is broken. I just learned of your passing. We haven't talked since early spring. It was not unusual for us to go 6 months between very lengthy conversations or visits. I will miss you my friend. I will keep your family in my prayers and will treasure the memories of you. I am Blessed to have been your friend.

“ I'll be missing you

As I look up from my desk every time the hallway door opens, waiting to see you looking at me through the glass door standing there. No, you didn't knock, I was just supposed to know you were there, and I did. You'd come in, look through the fridge, talk about how much money I spent on unnecessary stuff, and then help yourself to whatever. You'd make some tea, sit down, talk a while and then start your day. This was our morning ritual.

I would discover something new to help prevent Cancer and you would listen every time. I would make a new drink to help renew the body, and you were always there to test it out. You'd always encourage me to act on one of my talents just one, and believed that I would be successful.

You left the View to start yet another adventure. Although I missed your morning visits, hearing you speak words of encouragement and wisdom over the phone were enough.

Although I will never see you again in this life, I will always hear your voice telling me, encouraging me, mentoring me, laughing with me and most of the time at me, with that contagious laugh.

We shared so much, We laughed, cried, got angry at each other, stopped talking, forgave each other and then laughed about it ... I will love you forever, you were not only my best friend, you were family.....

I'll be missing you Kendrick Allen

You taught me so much, and for that, I will forever be grateful....

I'll see you again in the next life; we shall laugh together again....

Love Always

“ I will never forget the understanding, patience and intelligence that Kendrick Allen gave this dark world. He is a beacon of light, assisting all who need reinforcement of direction. Memories of Kendrick will live with my family and me forever. His insight revealed and teaching rings more true as time passes. I am sure to continue to learn from our time together. I believe Kendrick to be ahead of his time, unique and a trendsetter. Kendrick is more than a friend but a mentor and role model. This place will be lonelier without him. Kendrick Allen's' impact will remain forever.

My Bohemian buddy, they just don't make them like you anymore. I love you. The

“ Just shocking...I met you in Grade 7 at St. Augustine's. It is amazing that a few years ago we reconnected but lost track again and this was truly a shock for me today.

“ I will never forget the laughter, the joy, the pain, the tears, the creation of Compass Pointe, the first day of business for Compass Pointe, the CARF certification, The first client, the birth of your son, the late night talks, the long tedious lectures, the good food, the dancing, the music, the hugs, the smiles and most of all the love between good friends. I can't believe you had to go home so soon. When I get there we will resume where we left off.... until we meet again my dear friend.

“ To the Allen family, please accept our sympathy and know that others do care. We hope that the comforting hope found at John 11:25, where God promises us the resurrection of our loved ones, will give you comfort as it has comforted us during such sad times.

“ Kendrick was more than a friend to me I can't even began to explain our relationship no one can. It was somewhat different than average. I loved him so very much. We laughed and we have cried together we shared stories and our families. He thought he could do everything better than me but not really... I never thought he would be gone so soon. I'm really going to miss my friend. I'm still in shock and disbelief it all seems so unreal. But I know God has a plan for each and every one of us and I guess it was his plan to take Kendrick at this time. I'm praying for the entire family for strength and understanding. Crawford your dad adored you and will be watching over you as he will everyone.

Love,

Dion
