“ Red, what a true friend you are. God gave me a special gift when I was introduced to you and your family. God also allowed me one last visit the day before you passed away, and what a visit it was. I will miss all the trips we made. Every time you got into the car, it was the same thing; "do I have to ride in this piece of junk?" And always my answer was, "no Red. you can walk." Then I would hear that funny laugh of yours. In all the years we never had a bad word between us. You were there when we lost both my parents. I asked you to say a prayer around the hospital bed after my father died. Thank you for that, and preaching at both funerals. You and I both said we married better than we deserved. One of the last things you told me was that you loved all your kids, but you were ready to be with momma. God has answered your prayer to be with Lois again, and I am glad for that. Even though I am not a family member, you made me feel like I was. Thanks for the memories, say hello to mom and dad and I will see you later.

“ No words can describe what a gift you have been to your friends and family. You are such a void in my life. You taught your family, friends and even strangers the love of God. You lit up a room and everyone was automatically drawn to you. Your hugs will be missed. I can remember watching you at South Cobb Baptist Church sitting on the front row lifting your hands and praising God while the choir sang. What I would give to hear you pray over a Thanksgiving or Christmas dinner. I miss you so much Papa. I wish I had one more dinner, one more trip to the store or just one more holiday. I love you so much and will think about you every single day. I seem to think of something new daily that makes me laugh or cry that you did or said. There are so many families that can and will never be able to say that they had a "man of God" like you not only leading their family, but loving them unconditionally. Please watch over me Papa. I need and miss you so much. I love you! Thank you so much for EVERY SECOND! Your granddaughter,
Julie

“ I will be the first to admit that in most of the families eyes I was the spoiled, reckless child that took everything for granted. Everyone would be right. I could never do any wrong; when Robby and I did, we were the one's that were always protected by Mother and Papa. I will have to also admit that I can no longer pretend that I do not miss both of you very much I guess that was my way of coping with your loss. Most of all, I am going to miss being able to visit, and sleep on the couch for a quick nap before work, when I wasn't sleeping well at home. I am going to miss the constant question "if we are alright and if Brooke has left me yet." Most importantly, I am going to miss the guidance, I know you would say it is in the "Good Book" I would always

say "When I am ready". I will miss you both greatly and I know that you are both walking in heaven watching over all of us. Ashes to ashes dust to dust I know we will all be safe with both of you watching over us. I love and miss you deeply.

“ To my paw-paw, I will forever miss you pestering me and telling me what a rotten granddaughter i was. I will miss taking you to the store and you speaking to EVERYONE who passed by. What i will miss the most is just walking in the door and seeing you sitting there and mother in the kitchen. I had the best grandparents a person could ever ask to have. But i know that the two of you are walking with the King of Glory and knowing that brings comfort to me. Now it is time for all of us here on earth to continue this life living for Jesus so that one day we will all be together. I will not say goodbye but see you soon. The time is not far away. God will come for his people!!! We must be ready!!! I love you and will miss you beyond measure. You were the best!! Tell mother " i love her" and tell Jesus to watch over us.

“ You are missed old friend. I knew you as Daddy Red and Momma Biller. An extention of my parents and my life. I already know having lost my parents early the loss, the pain of not having you here. But knowing you're there , with the Lord, together makes it right. We chewed some of the same dirt , Dad, Korea and Germany . But none will stick in my mind as vivid as those times we spent together. and I miss you.

“ From my dad to Bill Reed, thank you so much for handling my service. The confort you gave to my children, thank you for loving me as you did. We the children are sorry for the mistake that was made to Bill, we would never have hurt you for nothing, because of the love between the two families. This is from the heart of "the old goat". “ Barbara my dear middle school friend...I stumbled across your dad's passing when I went to this sight to leave a message for another friend of our family. I am so sorry to hear of your loss. It has been many many years and I would love to hear from you. God in His infinite wisdom has let our paths cross again. “ To All the Biller Children, It was my privilege to know both your parents. How blessed you have been that God chose them for you. As Cecil and Lois would have it, they are together once more. I hope you can take comfort in this knowledge until we go home to be with them again. You "kids" are a tribute to your parents. They live on in you. Bless you all.

Your "old" friend,

“ To Cecil's Family:
I remember your dad fondly when he worked at Cub Foods - that was where I met him. He started bagging my groceries and always escorted me to my car to be sure I was safe every week. We always had a story to tell each other - especially about all of my animals. He was so kind to ask about all of them each time I saw him. He was a great soul that will be deeply missed and I am so glad to have known him. May God be with all of you during this time.
Sincerely,
Phyllis Price - Austell
