“ Terre and I have worked together and rode the Marta train about ten years. We have shared a lot of memories, meals, and emails. I really will miss her. She has been a wonderful friend. I know I will see her again someday in the Kingdom of God.

“ Terre was my dear friend and sister for almost 30 years. We met in Denver and we remained close friends until her end, even when we both moved to different places in the country, we still stayed in close contact.

She was a bright light in my life. She always had interesting things to say and really had deep love for mankind. She was finding the gifts of the Buddha's teachings at the end, the teachings of compassion were on the top of her list.

She was there for me when I needed a sister to talk to, and I was there for her. I will miss her, and she will always be in my life. I send my healing thoughts and prayers for her family and friends.

“ I had the pleasure of working with Terre at HUD Contracting in Atlanta. Even when things were hectic, Terre had a way about her that she could always make you smile and laugh. Even though I didn't see Terre much after retirement, I continued to get her emails, and the impact was always the same! I'm sure she continues to smile down on us all from above. My condolences go out to Terre's family and friends. She will be missed!

I want to express my deepest condolences to her family - Mrs. Conley, Michael, and Aileen; and to the many, many friends she made over the years. God's peace and blessings to all.

“ Terre entered our life after her early trip to Berne, Indiana for research on her Gilgen line. She was also referred to the history of the Burghalters, prosperous farmers in the area, whose daughter married a neighbor – Gilgen. Their son, Daniel, was Sue's grandfather, and wrote the history after retiring as an E&R minister. In the years since, we have enjoyed her company, many laughs, and the results of her deep research into the Burghalters back to the 1500s in Switzerland. Her sudden departure was to us, as to everyone, a surprise and shock. She spent a weekend with us about a month ago, to our great pleasure, and she told us then of her plans for a trip to Germany and Switzerland. We can only hope she can do some of the family history research with the original sources! Charlie & Sue Brown, Hendersonville, NC

“ Terre was a distant cousin. We communicated about genealogy and family history many times. When she came to Bluffton, Indiana, to do research on the Schneider line, I accompanied her to the court house and to the home of our relatives. She was a dedicated reseracher of family history. I hope the materials she collected will be a legacy to her memory.

“ It is hard to believe that Terre is no longer among us as we knew her, but her spirit lives on with all of us. She was such a kind and gentle person, and her spirituality was so strong and loving that it kept her and those around her at peace.

We have all lost a wonderful friend. Terre and I came to know one another through work, and as I would see her and talk with her, she always had kind and supportive words for me. I lost my husband last year, and her thoughtful words of encouragement and gentle touch were angelic and soothing.

I know that she is fine and I will be vigilant in feeling her presence in the eyes of my grandchildren, in the beauty of each day, and in the spirit of love around us.

May God bless us all.
