“ We will miss you Wes. It was a nice memorial today so thanks to all who came and showed support for his 3 young children. Many of us have known you since High School and even before. I think everyone is still at a loss for words other than to say we will all miss him. Doyle Fancher & Shannon Bryant

“ Wes was a great friend he was always there for me and anyone who needed it I have so many memories of Wes and not one of them is bad he always made people laugh I believe he put his heart and soul into his music, family, and friends he always had away of coming back from anything life thru at him and I wouldn't trade anything in the world for the time I did get to spend with him..... If it wasn't for plucky ( Chris parks) I wouldn't have had the opportunity to meet him and from day one we became each other's punching bag we both woke up with our fair share of bruises but at the end of it all we always sat down and had a beer together..... I also had the opportunity to work with him and he always took care of me if he ever had a demo job me and him would go in and just have fun but somehow everything got done ....it's so hard to believe he is gone you will be missed dearly my brother I love ya homie

“ Wes was one of the kindest most gentle people I ever knew. His words helped me through having lost my mom back in september. The only reasoning I can find in this is God must have needed a great guitarist for His rock band. Wes, you're missed and loved more than you'll ever know.

“ My favorite memory of Wes was fall of 2009 when we were riding in the car with Plucky music blasting and singing it was so much fun, this was also when I was introduced to Stand Alone. We had so many fun times that summer, fall and winter but this one was my favorite. Love ya man and you will always be in my heart.
